KinderConnect - Submit Attendance KinderBridge (API) / CCMS

Attendance is submitted child by child. Attendance is recorded in the CCMS (Child Care Management System) and exported to KinderConnect.

Note: If a Provider updates attendance in the CCMS and then re-exports this information, it will override previous attendance in KinderConnect.

To submit **Attendance** for payment:

Click **Submit** under Attendance. Note that Attendance can be reviewed prior to submittal by clicking **Detail** under Attendance.

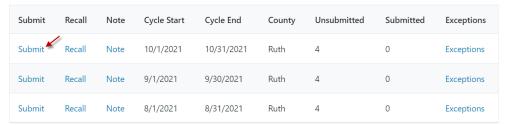

Detail Submit

Staff

Certify

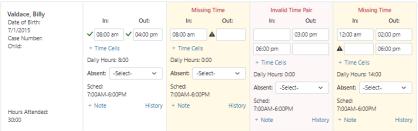

Click *Submit* on the row that corresponds to the service week you would like to submit.

Transactions

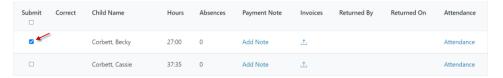

Note: If a child's attendance appears in red, without a *Submit* checkbox and with an *Incomplete* status, the Provider should make corrections in their CCMS and then re-transmit to KinderConnect. This will override previous attendance and correct errors.

The following image shows examples of common errors made while entering attendance which can generate an *Incomplete* status. Yellow boxes indicate missing *In* or *Out* times while the pink boxes indicate incorrect sequence on the times of arrival and departure. You can only enter one *In* or Out time for each time pair.

Once all corrections have been made and re-transmitted to KinderConnect, click the *Submit* checkboxes next to the children for whom you would like to submit attendance. You can select all children by clicking the *Submit* checkbox in the title bar (click again to deselect).

- Press Save.
- Review the terms and conditions and click on the check box if you agree. Press **Submit Attendance**.
