

KinderConnect – Verify Children for Providers with Multiple Locations

When a CCMS Provider has multiple locations, each location is assigned a unique **Provider ID**. To ensure children are entered correctly into your CCMS, you must first confirm which children belong to the specific Provider ID. It is also recommended to check the child authorization to ensure it is not expired.

A Click on **Search** under **Child**.

B Press **Clear** and select the desired provider from the **Provider** drop-down. Press **Search** to run a blank search.

Child Search ABC Creative Academy (155179721)

First Name:	<input type="text"/>
Last Name:	<input type="text"/>
CIN:	<input type="text"/>
Phone Number:	<input type="text"/>
Schedule Date:	<input type="text" value="mm/dd/yyyy"/>
Region:	<input type="text" value="v"/>
Provider:	ABC Creative Academy (155179721) 2
Use Phonetic Matching:	<input type="checkbox"/>

Search **Clear** **1**

3

C The system will list all children associated with the Provider. From here, copy the Child IDs from the list and enter them into your CCMS system to accurately record attendance.
